To whom that it may concern,

Since 1895 The Navy League of Canada has worked to preserve Canada's maritime legacy, passing it on to future generations so that they may continue to realize the vast potential of our oceans, lakes and rivers and the critical role they play to our national well-being.

Today, the Navy League of Canada has a presence in over 260 Canadian communities. Our youth programs benefit 12,000 young Canadians every year, and we continue to grow.

The Navy League of Canada provides most of its services through our 260 local Branches. Each Branch coordinates community support and oversees the delivery of local cadet programs.

Our Divisions are regional bodies that coordinate the activities of the Navy League within their designated territory.

As such, we have a great dependence on our parents and volunteers to raise funds and facilitate the program. The Navy League of Canada requires that all volunteers that are supervising or working with the youth undergo a **Volunteer Screening** process that requires everyone to obtain a satisfactory **Police Record Check with Vulnerable Sector Screening**. In Manitoba, a clear **Child Abuse Registry Check** is also a requirement.

Respectfully,

Brian J. Hawkeye

President
The Navy League of Canada – Manitoba Division
